Celebrate Silver Wedding

Mr. and Mrs. S. G. Rodeck Dedicate Handsome New Home by Public House Warming

One of the finest social events that the people of Campbell have enjoyed for some time was the house warming of the handsome new home of Mr. and Mrs. S. G. Rodeck yesterday afternoon and evening. The occasion was also the celebration of their silver wedding anniversary. Three hundred invitations printed in silver were sent out and about two hundred and fifty people were present at the celebration. Friends were received from 2 to 5 and 8 to 10 o'clock; many of the elderly people and San Jose guests attending in the afternoon. Music was furnished by Miss Maude Hawley, piano; Mrs. P. C. Hartman, vocal; Miss Mabel Radke, piano; Mr. Chas. Bronley, violin; and Mr. Warren French, vocal. Refreshments of coffee, sandwiches, ice cream and cake were served in the elegant dining-room.

Mr. and Mrs. Rodeck both are natives of California, she having been born in Campbell, the daughter of Mr. and Mrs. Benj. Campbell. They were married at a quiet wedding here twenty-five years ago, and besides members of the family, of those present last evening who were at the wedding were Mr. Chas. Berry, Miss Clara Swope and Mrs. Wm. Shepard. At that time there were but three houses in the place; Mr. Benj. Campbell's, Mr. Henry Campbell's and Mr. Swope's.

Besides the many guests from this community and valley at yesterday's event were Mrs. Geo. Matley of Amador County; Mr. and Mrs. Wm. Shepard and family from San Diego; the Rev. W. A. Finley, D. D., of Santa Rosa; the Rev. and Mrs. G. B. Allen and Claude Buttrick of Oakland; Mrs. Wm. Turnbull, Mr. and Mrs. Geo. Johnson and the Rev. J. F. Kellogg of San Francisco; Mrs. Elizabeth Breakfield of Hall's Valley, who is a great aunt of Mrs. Rodeck and is ninety years of age; and Miss Mabel Campbell of Sutter City.

Mr. and Mrs. Rodeck wish to express their thanks and appreciation to the friends who did so much to make the event enjoyable. A large number of elegant silver presents were given the couple, showing the high esteem in which they are held by the many friends.

The new home of Mr. and Mrs. Rodeck is the finest in the community, situated on the main thoroughfare in a lot 100x150 feet. The building is two stories high, 48 feet wide and 62 feet long besides the spacious veranda and the porches.

The reception hall is 11x12 feet, and is entered from the front veranda. On either side are the library, 13x14, and the living-room, 16x21. The dining-room is 15x18½ and the kitchen 11x14; the latter three rooms being on the east side. On the west, back of the library, are two bedrooms, 15½x15 and 14x14 feet.

On the north are a screened in sleeping porch 12½x9½, and a wash porch 12x9½. Up stairs are three large chambers, and a big outdoor sleeping porch. Throughout are many closets, store-rooms, and all the other conveniences that could be desired. The house is finished in natural Oregon pine. Geo. Whitney and John Evans were the builders. C. H. Whitman did the plumbing and Mr. Jarman of San Jose the painting.

We congratulate Mr. and Mrs. Rodeck on their good judgment and wise management which has enabled them to possess such a fine home; which is surely a credit and a matter of pride to all of our citizens. May they live to enjoy it until they celebrate their golden wedding anniversary.

INCUBATION SECRETS

Some wonderful discoveries have been recently made in this field, the most important being a new regulator for automatically controlling Heat, Moisture and Ventilation.

The Geo. H. Lee Company of 225 West 2nd St., Los Angeles, Cal., has just published a new incubator book that covers all of these new ideas fully, and which will be sent free to any interested person on request.

SAVED FROM AN OPERATION

By Lydia E. Pinkham's Vegetable Compound

Peoria, Ill.—"I wish to let every one know what Lydia E. Pinkham's remedies have done for me. For two years I suffered. The doctors said I had tumors, and the only remedy was the surgeon's knife. My mother bought me Lydia E. Pinkham's Vegetable Compound, and today I am a healthy woman. For months I suffered from inflammation, and your Sanative Wash relieved me. Your Liver Pills have been equal as a cathartic. Any one wishing proof of what your medicines have done for me can get it from any druggist or by writing to me. You can use my testimonial in any way you wish, and I will be glad to answer letters."—Mrs. CHRISTINA REED, 105 Mound St., Peoria, Ill.

Another Operation Avoided.
New Orleans, La.—"For years I suffered from severe female troubles. Finally I was confined to my bed and the doctor said an operation was necessary. I gave Lydia E. Pinkham's Vegetable Compound a trial first, and was saved from an operation."—Mrs. LILY PEYRON, 1111 Kerlerec St., New Orleans, La.

The great volume of unsolicited testimony constantly pouring in proves conclusively that Lydia E. Pinkham's Vegetable Compound is a remarkable remedy for those distressing feminine ills from which so many women suffer.

Quite Properly, Too.

The Englishman had finally decided to get himself a dog, and accordingly he betook himself to the place where such animals were sold. Then said he to the clerk:

"Hi wants a kind of dog about so 'igh and so long. Hit's a kind of a gry 'ound, and yet hit ain't a gry 'ound because its tile is shorter nor any of these gry 'ounds, and its nose is shorter and 'e ain't so slim around the body. Still 'e's a kind of gry 'ound. Do you keep such dogs?"

"We does not," replied the clerk, promptly. "We drowns 'em."—Tit-Bits.

TRIP THROUGH THE CANAL

A TREAT FOR TRAVELERS

South America Is Coming More Into Fashion With Home Travel.

The map of the routes of the line of steamers that is being organized to ply through the Panama canal between ports of the east and west coasts of this country looks very attractive. It has always seemed likely that Americans would travel more at home and not so much in Europe if they could start off in steamers. When the canal opens that will be possible. To be sure, it is possible now, but not as it will be then, when persons needing rest and improving society will be able to go aboard a great ship in New York and have sea air and appropriate meals all the way to Los Angeles, San Francisco or Seattle, with very interesting sights midway.

If you are tired, as a great many people are when they start on vacations, there is great charm in a big, clean steamer, and there is much more charm prospectively in one that goes the whole distance than in a broken journey with a mid-distance shift of everything, including stewards.

Really, our part of the world is growing more interesting, and people who have time to play are going to travel about in it a great deal more in the next generation than they ever have as yet. The thing best worth seeing of all sights at this moment is the great work at Panama before the water is let into it.

South America is coming more into fashion; San Francisco is going to be more Parisian. The West Indies are more in our life today than they have been since the Revolution. A great deal of a jolt came to these parts in the form of the Spanish war. It was like the pushing of a button that connects with machinery, and the Panama cut, and these new steamer routes on the map, and all these prospective new intimacies are results of it.—Life.

His Future Plans.

She was a lady visitor to the prison, kindly and well meaning, and as she chatted with a burglar who had been sentenced to six months' imprisonment she thought she detected signs of reform in him. "And now," she said, "have you any plans for the future, on the expiration of your sentence?" "Oh, yes, ma'am," he said hopefully. "I've got the plans of two banks and a postoffice."—Buffalo Commercial.

Another Victim.

"So you sent \$2 for those flesh reducing and hair falling recipes. Well, what did you get?"

"A printed slip with this on it: 'To reduce your flesh increase your worries.'"

"And what about the other?"

"Another slip which read: 'Falling hair can be avoided by stepping nimbly aside when you see it coming your way.'"—Boston Transcript.

The Poor Comet Again.

"My wife is much interested in the comet."

"The comet? The comet was here last year."

"I know. She's putting old newspapers under the carpets throughout the house and catching up with the news as she puts 'em down."—Blue Bull.

Installments.

She—Did you say that Mr. Brown was buying an automobile on the installment plan?

He—Yes; he got a pair of goggles first, and then a linen duster.—Boston Herald.

FARMERS DEMONSTRATION TRAIN COMING

Farmers, vineyardists, orchardists, stock-men, poultry-men, bee-keepers—in fact, every resident (male and female) of rural California, will be interested in the announcement that the annual demonstration train of the Southern Pacific Company and University of California, will start on its fourth tour of the State on November 13th, leaving Sacramento at 7:30 o'clock in the morning and holding its first meeting at Lincoln, Cal., commencing at 9 o'clock the same morning. The initial trip contemplates a ten days' absence and includes stops at thirty-one communities in Northern California.

The make-up of the train—which will be in charge of experts from the Agricultural College of the University, and from the State Farm at Davis—will consist of six passenger coaches, given over to exhibits of different branches of husbandry; one baggage car, also for exhibits; a sleeper, a diner and a baggage car for the accommodation of the train crew. The passenger coaches contain samples of various grain, fruit and vegetable crops, together with interesting displays of other State products which can not fail to engage the attention of the up-to-date grower and producer.

This will be the fourth annual junket of the demonstration train, which has accomplished a great work in the education and advisement of the California farmer. During the season of 1908-09 the train covered 2,608 miles, attracting 37,270 persons to the 239 meetings held. In 1909-10 the trip was extended, 3,436 miles covered, 222 meetings held and 73,663 persons entertained. In 1910-11 the train visited Owens Valley in addition to the regular districts—4,020 miles were covered; 225 meetings held and 76,236 persons entertained.

The expenses of the demonstration train, outside of the installation of the exhibits and the salaries of the experts, are borne entirely by the railroad company, the amount set aside for this purpose being approximately \$10,000 a year, not counting wear and tear on equipment. The discussions include practically every subject of interest to the growers and stock-men, with lectures on the latest practical improvements in the farming world.

The towns to be visited on this first trip, together with the dates, are as follows: November 13th, Lincoln. Wheatland and Marysville; November 14th, Oroville, Bogue and Knight's Landing; November 15th, Live Oak, Gridley (two lectures) and Biggs; November 16th, Chico, Vina and Los Molinos; November 17th, Red Bluff, Anderson and Redding; November 18th, Doris and Macdoel; November 19th, (Sunday—no demonstrations); November 20th, Montague, Gazelle and Edgewood; November 21st, Corning, Hamilton and Orland; November 22nd, Germantown, Willows, Maxwell and Williams; November 23rd, Arbuckle, Dunnigan, Yolo and Woodland.

Later in the season trips will be made to the Colfax district; San Joaquin and Owens valleys; Placerville; Southern California, including Imperial Valley; the Coast Line, northward from Los Angeles; and the Bay Counties, northward from Santa Clara and San Jose. A big attendance is expected.

It Had, Indeed.

OLD WRINKLES MADE NEW

HOOP SKIRTS REALLY HERE
Wearer of Hobble Skirt Tripped When She Turned to Admire Hoops.

The gap has been bridged between the hobble and the hoop skirt.

New York is getting its first view of the new and commodious hoopskirt, model of '11, and seems to approve, says a New York fashion writer.

The first appearance was made by two young women strollers and they attracted more attention than a parade, for almost everybody on that thoroughfare is constantly on the lookout for the newest wrinkles in dress.

One of the most interesting was a young woman who happened to be so out of date as to have on a hobble. As she turned to give the new hoop affair a last admiring look, her hobble tripped her and she fell to the sidewalk, but was tendered a graceful uplift by two young men.

"No more than she might have expected," caustically observed an elderly woman when she saw the accident. "I'm glad the hoopskirts are coming back, for it means the horrid hobbles will now go out of style."

The new 1911 models of hoopskirt were generally regarded as becoming, and affording a freedom of motion and grace pleasing after the sheath gown and hobble.

Her Interpretation.

Fragments of conversation drifted in from the billiard-room, where the husband and his friends were enjoying their cigars. "I called," said the husband, happily, "and when it came to a show down as to who was the winner, why the other fellow simply didn't have a chance! And so I stretched out my hands and gathered in that which really gave me my start. I think that I did better that night than any man in our crowd has ever done. Ah, what a hand I held! I always recall that night with thrills of pleasure."

The young wife slipped away, her face dyed a deep pink. "The old dear is telling Mr. Blinker how he cut out Freddy Banker and made me say 'Yes,'" she whispered to herself. "Isn't he just perfect!"—Puck.

Stomach Blood and Liver Troubles

Much sickness starts with weak stomach, and consequent poor, impoverished blood. Nervous and pale-people lack good, rich, red blood. Their stomachs need invigorating for, after all, a man can be no stronger than his stomach. A remedy that makes the stomach strong and the liver active, makes rich red blood and overcomes and drives out disease-producing bacteria and cures a whole multitude of diseases.

Get rid of your Stomach Weakness and Liver Laziness by taking a course of Dr. Pierce's Golden Medical Discovery—the great Stomach Restorative, Liver Invigorator and Blood Cleanser.

You can't afford to accept any medicine of unknown composition as a substitute for "Golden Medical Discovery," which is a medicine of known composition, having a complete list of ingredients in plain English on its bottle-wrapper, same being attested as correct under oath.

Editorial Notes

THE community has been pretty well
stirred up the last week over the arrest
and conviction of a local merchant for
selling liquor without a county license.
While the town of Campbell has never
had an open saloon, yet it has been often
reported that liquor was being obtained
and used for other than medicinal pur-
poses. When Mr. Olmstead, the local
druggist, was called into Judge Wallace's
court and pleaded guilty the news came
as something of a shock to his many
friends who could not believe the report
that he was doing an illegal business.
Mr. Olmstead has heretofore been given
credit for being a man of sufficient intel-
ligence to know what he was doing and
his friends did not question his integrity.
He states that he did not know that it
was necessary for him to have a county
license. He had a government license
and he thought that ought to be sufficient.
Mr. Olmstead may have been sincere in
that regard. He claims that he sold liq-
uor only in small quantities, for medi-
cinal purposes, and "only had dealings
with the best people," as Judge Wallace
stated in the Mercury. Some of our
people are quite indignant over that
statement, and had it not been for that
the unfortunate man might have gotten
more sympathy. Personally, we do not
believe that Mr. Olmstead would sell a
bottle of whiskey to a man if he knew
that the man wanted it to drink. But we
fear that he has not been always particu-
lar about whom he sold it to, since he
states that he did not always know the
parties to whom he sold the liquor, nor
did he always know that the boys who
got it were of age. The fact that his
predecessors in the business here sold
liquor illegally does not excuse the pres-
ent management. The Campbell Drug
Store has been called a "blind pig" for a
long time, and that fact has stood in the
way of cleaning up worse places. Mr.
Olmstead was fined \$100 and given a
severe reprimand. A great howl is now
going up about town because of the in-
ability of getting even a little alcohol for
burning or rubbing purposes.

Sunshine and Showers

A refreshing shower began last Sun-
day morning and continued at intervals
until Tuesday, showers of lovely post
cards, nearly half a hundred of them,
comfort packages, exquisite flowers and
beautiful plants, Monday being Miss
Lawrence's 70th birthday and she was
the recipient. The shower was a typical
California event, accompanied by the
brilliant sunshine and balmy air of per-
fect autumn weather. Gifts came from
family, church and other friends and on
Monday evening the little home, neat
and tidy like its mistress, was scene of a
wind-up-shower, when the last relay of
white ribbons appeared, making a fit-
ting close to the happy, eventful day.
During the evening, Miss Lawrence
showed her guests a work-box of exqui-
site workmanship in highly polished
mahogany and satin-wood, made by her
father about 80 years ago. The box is
quite ingeniously constructed, with secret
drawers and caskets, of which Miss
Lawrence is justly proud. A delightful
birthday letter from Miss Eaton was read
aloud and a pleasant social hour enjoyed.
With many good wishes for a happy,
prosperous future, the company departed
feeling anew that it is a beautiful thing to
cultivate the gentle art of kindly living.

GYPSUM
Makes Larger and
Finer Crops
Changes heavy clay and adobe soil to lighter soil, similar to loam.
Liberates potash so plants and trees can take it up.
Helps other fertilizers to do their work better, and supplies lime
and sulphur.
Gypsum is especially valuable for orchards, enabling water and air
to go down further into the soil. This means healthier trees, finer fruit,
and larger crops.

SUPPLEMENT

Campbell Interurban Press

Volume 17, No. 18

Campbell, Santa Clara County, Cal.

Nov. 10, 1911

High School Notes

Last Friday afternoon the Juniors were defeated by the Seniors in an interclass debate with a score of 50½ to 49½. The question for debate was "Resolved, that the Judges of the State courts like those of Federal courts should be appointed by the state executive and hold office for life." The Seniors, who defended the negative were represented by Lois Pendelton, first speaker, Lloyd Gardner, second speaker, and Ralph Mitchell alternate. The Juniors who upheld the affirmative were represented by Mildred Beaver, first speaker, Ira Brown, second speaker, and John Wood alternate. As a result of this debate the Juniors are to give the Seniors a "feed" and a party next Friday night.

At the meeting of the Santa Clara Valley Debating League, on Saturday last, Campbell and Palo Alto were chosen to debate on the question "Resolved, that life imprisonment with restrictive power of pardon should be substituted for capital punishment." The debate is scheduled for December second. This is the fourth time that Campbell has drawn Palo Alto by lot as opponent in debate.

The Boys' and the Girls' Basket Ball Teams were both defeated by the Normal Teams Tuesday.

The trees on our new ground are now all trimmed up and Mr. Pagel, who has kindly offered the use of his gasoline saw, is sawing the wood up with the help of the boys. There will probably be about eight or ten cords of wood.

Mention the Press when patronizing our advertisers.

Let Golden West Cleaning and Dyeing Co. do your work for you. Putnam's are their agents in Campbell.

Mr. and Mrs. Walter Huntley much enjoyed a surprise visit yesterday from Mr. Tooby, Assessor of Humboldt County, and his brother Frank Tooby of Arcata, the same county.

J. C. Lloyd who is visiting with his parents at the old home at Waitsburg, Wash., writes that he is rapidly gaining new strength and health and much enjoying the visit amid old scenes and acquaintances. We think after the strenuous work of blacksmithing for a few years one would need a good rest.

The Woman's Christian Temperance Union and all interested in its work are cordially invited to the home of Mrs. Whitman next Wednesday at 2:30 p. m. A program consisting of lesson, discussions and drill, promise an afternoon of profit and pleasure. A social hour will also be enjoyed. Come and bring a friend.

The Buying Power of \$1.75

A little money sometimes buys a good deal. For instance, take the subscription price of The Youth's Companion for a year—\$1.75. If all the good reading in the 52 weekly issues of the paper were published in book form, according to its kind, it would make about fifty volumes of fiction, science essays by famous writers, household management and economic sports and pastimes for boys, natural history, anecdotes, humor, etc. The serial stories alone would fill several volumes. Among these is Ralph Paine's great story of the Boxer Rebellion in China: "The Cross and the Dragon." Another is by J. W. Schultz, who was adopted by the Blackfeet when a boy. It is called "The Quest for the Fish-Dog Ski." Another is a glorious girls' story by C. A. Stephens, called "Julia Sylvester." It is the story of a "Mercer" girl in the pioneer days of Oregon and Washington—and that is only part of the serials.

It will cost you nothing to send for the beautiful Announcement of The Companion for 1912, and we will send with it sample copies of the paper.

Do not forget that the new subscriber for 1912 receives a gift of The Companion's Calendar for 1912, lithographed in ten colors and gold, and all the issues for the remaining weeks of 1911 free from the time the subscription is received.

Only \$1.75 now, but on January 1, 1912, the price will be advanced to \$2.00.
